FOUNDATIONS OF COSMETIC INJECTABLES

A comprehensive course designed to accelerate the education and technical skills of Registered Nurses, Nurse Practitioners and Doctors seeking to establish their career as a Cosmetic Injector.

ACCELERATE YOUR CAREER

Unique to The Esteem Institute of Cosmetic Aesthetics (TEICA), the 'Foundations of Cosmetic Injectables' course provides a comprehensive scope of theoretical and practical training. The theory component is completed at your own pace, prior to the twelve day, intense, hands-on training.

This course delivers excellence in cosmetic aesthetic knowledge of facial anatomy, basic and advanced Neurotoxin and HA Dermal Filler treatments, clinical assessments, product understanding, injecting techniques, and the confidence to provide informed client consultations.

You will learn and perform a diverse range of basic and advanced cosmetic aesthetic techniques, covering on-label and off-label treatment areas. The course is further enhanced with allocated training days, with two worldwide industry Pharmaceutical leaders, followed by clinical observation days, with a qualified Cosmetic Injector, giving you an insight of the day-to-day experiences as an Injector.

All training is performed on real-live models, within our boutique, five-star, industry leading training facilities, under the guidance of our experienced Nurse Injector Facilitators, who are led and trained by renowned Cosmetic Surgeon, Dr Terrence Scamp.

Upon the successful completion of the course, you will display knowledge and technical skills, be equipped to safely deliver optimal aesthetic outcomes, undertake full facial assessments, and perform a wide range of injectable treatments with confidence. Graduates from this course are highly regarded in the industry as a Qualified Cosmetic Injector.
